United States – LensCrafters, Rainbow Apparel, Sunline Chilli, Bass Pro Shops
Canada – Harry Rosen, Indigo/ Chapters Booksellers
Germany – Karstadt
Japan – BookShop Co-Op

Superior Australian Support

In Australia, Vision Beanstore is managed and enhanced by the Transacta team in cooperation with the global PCMS development team. In line with Transacta's business model, Vision Beanstore can be individually customised to provide a complete retail system with point of service, back office and head office components that work together seamlessly with any ERP, Merchandise or Financial system

“ We found that Transacta delivers a professional and high quality service coupled with a skilled team. Transacta provides excellent support when required and has been responsive to our needs and we consider them a valued technology partner. ”

Larry Neimann
Information Technology Manager
OrotanGroup (Australia) Pty Limited

With Vision Beanstore, Transacta combines sophisticated customer, product and back office information at the point of sale, which means retailers can understand customers better and can create more sales opportunities.

Every retail environment is subtly different, Vision Beanstore is designed so that we can easily customise it right here in Australia. Our software development and support staff are trained by PCMS in the UK and work cooperatively on new product development as well as helping to support customers 24 hours, 7 days a week around the world.

PCMS

PCMS Group was established in 1982 from the United Kingdom and has expanded to an international group of companies. They are a world leading supplier of Retail Software, Services, Managed IT and Internet Services. PCMS is a leading provider of integrated software and services for retailers.

Transacta distributes and supports PCMS products in Australia, New Zealand and Asia Pacific. Visit www.pcmsgroup.com for more information

“Retail is about people. We focus on how technology can support your business to create more meaningful retail experiences for you and your customer. We help you care for your customers in a smarter way.

One of the ways we do this is to focus on making the most of the potential for technology to change your interaction with your customer, improving the depth and quality of the relationship at every point along the transaction.”

Transacta's Customer
Driven Strategy

Transacta is a point of sale software vendor specialising in the development and sales of software and services to mid-sized retailers in the Australian, New Zealand and Asia Pacific markets.
